## Student Life

# Diversity

The Black Knights at Stoughton High School exhibit diversity through their cultural backgrounds, numerous talents, and unmatched skills. They participate in every way that they can, whether it's in the classroom, on the dance floor, or at a sports rally. Each and every one of us is different. Together we achieve success and celebrate our diversity.

# Spirit Week!

**We got spirit, yes we do!**  
**We got spirit, how 'bout you?**

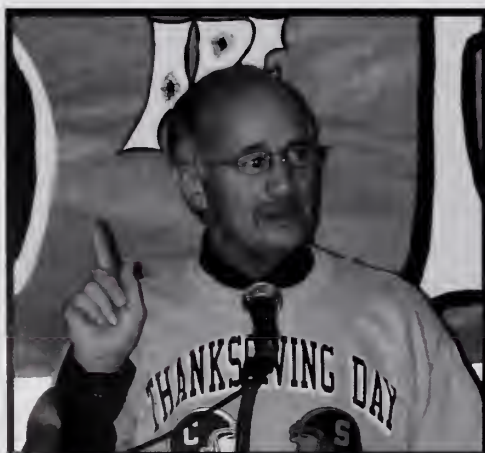

Katie Greene and Bonnie Lester show their school spirit by wearing the school colors.

Do you have school spirit? Our school certainly does! During the week of Thanksgiving the school hallways are overwhelmed with students' spirit. On Boston Sports Day the halls are filled with Patriots, Red Sox, Celtics, and Bruins attire. There is College Shirt Day when students wear a shirt with a favorite college's logo. Who could forget Orange and Black Day when the

school is exploding with our colors? There are the Penny Wars, food and clothing drives, and of course, the always awesome Spirit Walls! All seniors, juniors, sophomores, and freshmen participate in these spirit activities leading up to the Pep Rally. But who wins the vote for showing the most overall spirit for the week? Well, the SENIORS, of course!

The X-clusive Dance Team gets spirits high.

Mr. Jacobacci revs up the crowd with his Pep Rally speech.

Students of all grades proudly wear their Boston team shirts.

Did we mention Penny Wars?

## Spirit Walls

### Freshmen

The class of '10 likes to party all "Knight" long with the hippest club around: SHS!

### Juniors

The class of '08 is off to Oz with their portrayal of the timeless classic "The Wizard of Oz"

### Sophomores

Spirit week was rocked by the Class of '09's ESPN theme. The 10th graders worked through the night to bring the TV network to reality.

### Seniors

The class of '07 was shaken, not stirred with their wall. The Man of Mystery with his license to win wasn't enough to bring home a victory this year.

 completing a Design project.

# In Class

In each and every class, from the welcome bell at 7:45 AM until the final bell at 2:12 PM, SHS Black Knights are challenged by interesting, learning experiences. Whether in the art rooms, the classrooms, the computer and science labs, the gym, the language labs, the media center or the band room, students work creatively every day.

# Academics

## Wisdom

In order to become a Black Knight, one must be a seeker of knowledge and engage in a lifelong pursuit of wisdom. Black Knights start their academic adventure at a young age. When they finish their studies, Black Knights go out into the world armed with the knowledge and wisdom they have attained. Without our academic mentors, this would not be possible.

# TO ALL THE SHS 2007 RETIREES...

Mr. Keppel

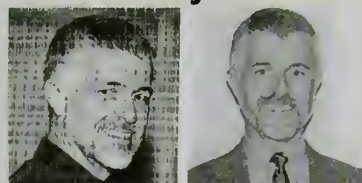

What can I say about Mr. Keppel? A long time personal friend of mine, we have worked on several construction projects together, have gone skiing together and have laughed together. If you were fortunate enough to have him, you are familiar with his passion for teaching, and you probably also heard his crazy laugh. You may not know that he writes poetry, sings, makes furniture and is a terrific father to his daughters.

Mrs. Benjamin

Mrs. Benjamin has been the Director of our Foreign Language department for many years. I first met her as Karen Oppenrath, and not only has she been an excellent teacher and director but she was famous for always bringing Christmas Carol books to our holiday get-togethers and leading us all in song. Remember, we were younger then and thought we could sing.

Mr. Flynn

Mr. Flynn has taught social studies, business, career education and even, a math class or two. As a Vietnam veteran, Al teaches the "American War Vietnam" class with a perspective that soon will be unavailable to SHS students. He has been the Peer Leadership Advisor and was instrumental in the original Gay-Straight Alliance (now Spectrum) Group we had.

"I have been asked on behalf of the entire Stoughton family for some reflections on the faculty members who are retiring. These six teachers have been woven into the very fabric of SHS since the 1970's. They have left an indelible mark on past graduates. One can only hope that the current group of new teachers we have will be as successful, and stay as long, as these fine teachers."

-Phil Iacobucci  
Principal

On behalf of the  
Class of 2007  
and the rest of  
Stoughton  
High School,  
we wish you a  
Happy  
&  
Healthy  
Retirement.

Mrs. Sheehan

Mrs. Sheehan is the long-time Director of Guidance at SHS. When I first met her at SHS, she was an English teacher named Jane Welch. Many don't realize that Mrs. Sheehan is the guidance coordinator for the entire school system, and she is also the person who has always made sure that our SAT testing, AP testing, and college fairs work so well. She also creates the high school master schedule which is a vital part of making our school function.

Mrs. Dawe

Mrs. Dawe has been an outstanding English teacher for years, and her students are always happy to have her for a teacher, especially if it's poetry. When we began teaching, she was Kathy Penardi, and her father was Assistant Principal of SHS. She is still creative and finding new ways of having her students enjoy coming to her class. She has never lost her enthusiasm for teaching.

Mr. Fedora

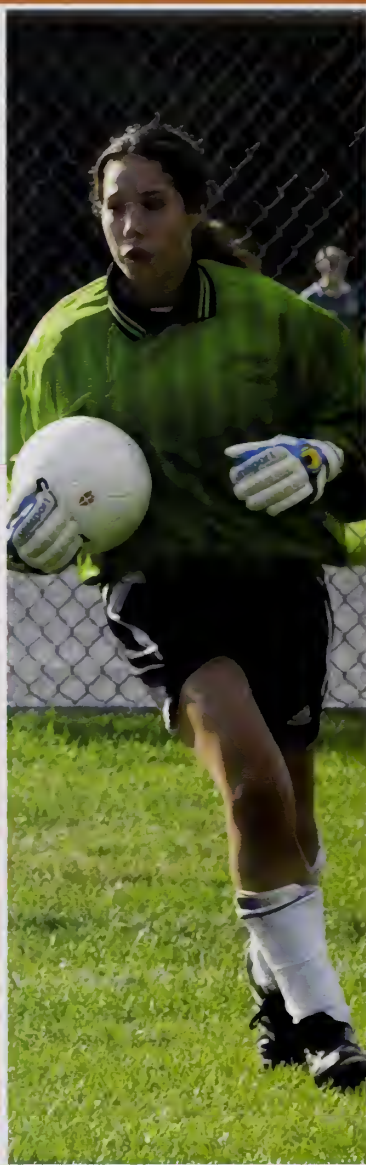

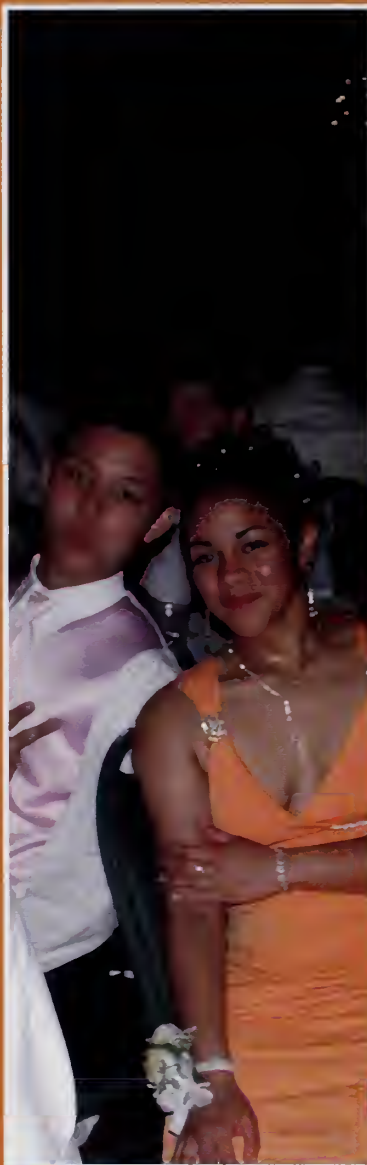

Mr. Fedora, well respected for the many excellent students who've taken his physiology class, taught computer programming with me a couple of decades ago, that was before laptops were invented. You may not know that he raises cattle and many times has seen the birth of a calf on his farm in the early morning and then, come to SHS to teach.

# Leadership

Leaders act as role models for the community and fearlessly champion the rights and freedoms of all. As Black Knights, we are true leaders. When dealing with adversity, we step up to the challenge. We stand above all with pride and determination. This is a distinguishing quality of a true Black Knight.

# Junior Prom 2006

It's that time of year...

time to look gorgeous and handsome or simply stunning.

time to dance, have fun and be the center of attention.

time to feel like a real movie star or fairy tale royalty.

So, dance the night away with that special someone....

**It's Prom Night!**

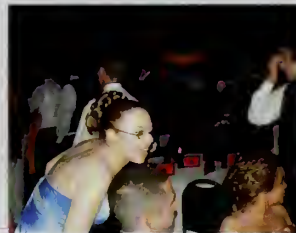

Prom Court Left to Right:  
Justine Parsloe, Patrick Walsh, Kristina Cardoso, Mark Leaver, Queen Melissa Kuhn, King Kevin Anderson, Kimberly Gada, Anthony LaCivita, Michael Donovan, Casey McCollum

Top Left: Alex Burakoff, Anthony LaCivita, Morris Cohen, and John Kuhn.

Bottom Left: Kayla Murphy

Below: Kristen Williams and Megan Palermo

Left: Dayna Berry, Darcy Ruffin, Samantha Benoit, and Trina Burris

Center: This large group can't wait to get on the dance floor!

Right: Mario Baez and his date.

Left: Matt "Cheeks" Garrigan is having tons of fun dancing.

Below: Justin Collins, Alex Parks, Bobby Cardoso, and Ken Steffanides

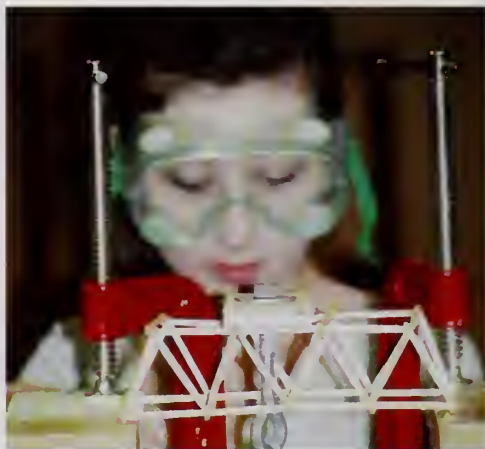

Left: Scott Ciampa, Kevin DeCelle, and Chris Russell.

Right: Megan Jacobs, Megan Palermo, and Kathleen Connolly.

Prom King Kevin Anderson and Prom Queen Melissa Kuhn

Left to right: Tony Colafrancesco adds weights to his bridge. Connie Tang is proud of her structure. Rob Gold is determined to get an A. Lauren Gallagher is happy to know her bridge passed. Hussien Skaik is hesitant. Lyle Smith observes his successful bridge. Nicole Hill is patiently observing. Priyanka Pate is all smiles. Sean Smith is anxious to get this project over with.

# BRIDGE DAY

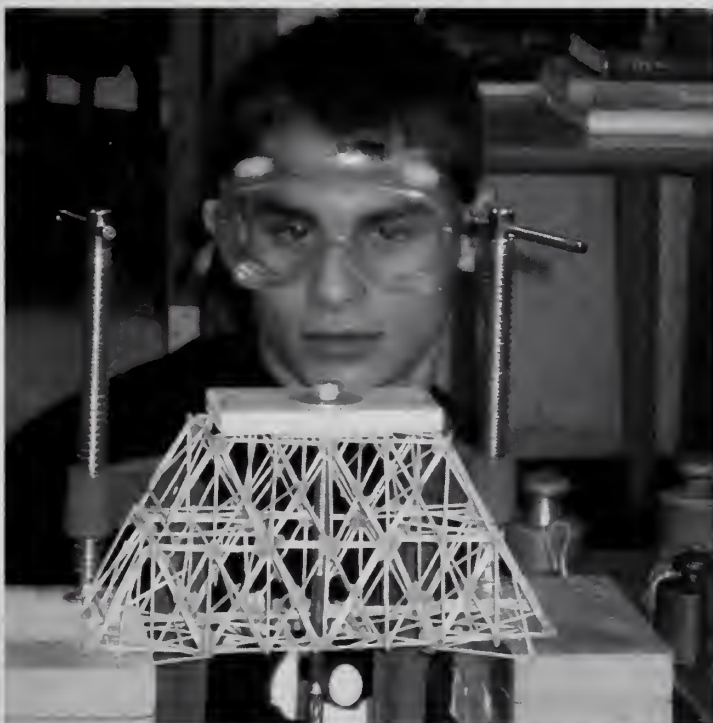

## Bridges!!!!

**Left:** Fahid Naseer watches his bridge as he adds more weights.

**Right:** Anthony Vanterosa attempts an A with his 10th-level bridge.

**Below:** One of the many students wait impatiently to test their bridges.

Mr. Carey's Honors class can't wait to test their structures.

**Above:** Ashley Connors knows her bridge will pass; she's jubilant already!

**Left:** Andy Bornstein adds a few more weights to the bucket as he tests the strength of his bridge.

# Underclassmen

## Fortitude

Fortitude is the strength of mind that enables one to endure adversity with courage. Black Knights are challenged with new obstacles every day, but nevertheless, fight their battles with endurance and tenacity from beginning to end. As underclassmen, you are faced with new challenges each day such as pop quizzes, a game against Canton, or a fight to the cafeteria. Without fortitude, you wouldn't be able to survive high school.

# Juniors

Opposite Page Left - Top: **Kimberly Saracino** and **Bryanah Bascon** sell drinks at the Semi-formal to help support their class. Middle: Best friends, **Mandi Trocki** and **Alanna DiStefano** pose for the camera. Bottom: **David Seronick** is all smiles for the camera. Center: **Sean Byron** makes a throw to first base.

This Page Above: **Adam Wilson** bounces off his opponent. Right - Top: **Gabrielle Clermont**, **Heather Chisholm**, **Amanda Rinnig**, and **Jennifer Pernock** dance at the Semi. Middle: **Kyle Buresh** looks a little too serious for lunch! Bottom: **Dan Winer** tries to look smart in class.

## Athletics

# Strength

Strength isn't just how strong you are, or the amount of muscle you possess. Strength is the sum of determination, endurance, and the positive attitude needed to overcome obstacles and battle onward. We, as Black Knights, display these characteristics each and every day in the classroom, at our competitions, and on the playing fields. Whether at home or away, the Stoughton Black Knights have worked diligently to develop the mental and physical strength needed to battle their opponents and realize success.

# Involvement

Involvement is a key quality of a Black Knight. Being involved, no matter where, helps a knight prepare for life's challenges. Whether as a member of a school-related activity, as a Black Knight active in the community or as an employee for a local business, all involved students learn from each other, have fun, share new experiences, and become better people. Together, everyone achieves more.

**CLAIRE E. MCCARTHY**  
SUPERINTENDENT OF SCHOOLS

Dear Members of the Class of 2007,

As you look back over your years in the Stoughton Public Schools, I hope that you will fondly remember the people who came into your lives in a very special way. Your kindergarten teacher, your first music teacher, your favorite teacher, your toughest class, your hardest math teacher and know that all of us associated with the schools wanted your experience to be the very best.

As your high school career comes to an end, it is a very exciting time in your life. You are closing one chapter and opening another. It's like an artist with a blank canvas. The art lessons are over and it's time to try your artistic talent. What will your picture look like?? Will it have pale colors or bold strokes? Will it be a portrait or a landscape? Only you know the answer.

Freedom brings with it responsibilities. You move to a time in your life where you don't have the same level of structure that you've had for the past twelve years. For some of you that is a wonderful change and for others, it will be a very difficult challenge to be more independent and responsible for your choices. Set your sights high for yourself. Don't be afraid to tackle challenges that look beyond you. Take what you've learned and use it to your advantage.

All of the teachers and the administrators who have worked with you expect great things from you. You are talented and should use that talent to make the world a better place. You've challenged your teachers to help you to be all that you can be. From this point forward, be confident that you have the knowledge and skills to distinguish yourself in whatever endeavor you're involved in. The Stoughton Public Schools are always here for you and care very much about your success.

On behalf of the Stoughton Public Schools, I want to take this opportunity to recognize you for the many contributions that you have made to our schools and to the community at large. I look forward to hearing about your accomplishments and your success individually and collectively!

Sincerely,

*Claire E. McCarthy*

Dear Members of the Class of 2007:

Congratulations on your graduation from Stoughton High School. I wish you the best of luck in your future and want you to know how much I have enjoyed being your principal. The challenges you faced in high school will serve you well as you go through life. Education is more than what can be taught in a classroom, and the lessons that you learned here, whether they were about academics or about how to get along with each other in classes, hallways, athletic fields or the cafeteria, have prepared you for your life after Stoughton High. I have seen the way you welcome newcomers and genuinely care for one another and I appreciate that. Statistics do not measure the feel of the school, but we know how well people are treated here. Your leadership in that regard has gone a long way toward making it happen.

As you graduate, I would like to thank you for all you've done to make this high school a better place. I have thoroughly enjoyed your company and the kindnesses you have shown me throughout your time here. You have been fine representatives of your school, family, and community and I am proud to have been your Principal. As you probably know, we are leaving Stoughton High School together this year, so your graduation is very special to me, since I will graduate with you.

I am very confident that you will build on the foundation you have established in high school, and become the productive citizens that I know you will be. I wish you the very best that life has to offer.

Best of luck,

*Philip Jacobacci*

High School  
Office

Mr. I came to SHS in 1973 to fulfill his dream of teaching. After 34 years of hard work and tireless dedication, he has gone beyond his dreams and in the doing, given so much to so many.

The list of his contributions and accomplishments is just too long to even try to enumerate here. He expresses great pride in his 27 years spent in D208 teaching every math course(*except calculus*). On becoming principal, he recalls "I felt that, somehow, it was meant to be." He was so right, However, he wasn't so sure about retirement. "It was a hard decision to make.", he said. Stoughton High School will miss him. One and all, we wish Mr. I many happy, new beginnings.

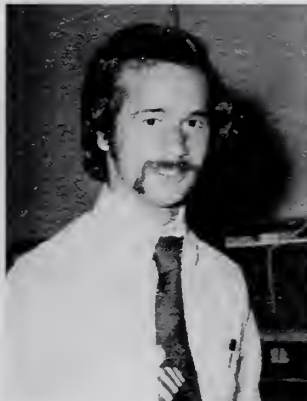

Best Wishes from All of Us

To believe is to know that every day is a new beginning.  
It is to trust that miracles happen, and dreams really do come true.  
To believe is to see angels dancing among the clouds,  
To know the wonder of a stardust sky  
and the wisdom of the man in the moon.  
To believe is to know we are not alone,  
That life is a gift and this is our time to cherish it.  
To believe is to know that wonderful surprises

Michael,

We hope you know how much we love you, how proud we are of you, and how much richer you've made our lives by just being our son. Keep realizing your dreams, we know they are great. Stay focused on your values; doesn't matter if it's small. Never stop learning; you'll never be too young or too old to learn. Give some back; everyone needs a hand or a leg up once and awhile. And be happy; don't stop counting your blessings.

We hope the days come easy and the moments pass slow  
and each road leads you where you want to go  
And if you're faced with the choice and you have to choose  
We hope you choose the one that means the most to you  
And if one door opens to another door closed  
We hope you keep on walking 'til you find the window  
If it's cold outside, show the world the warmth of your smile  
But more than anything... more than anything  
Our wish for you  
Is that this life becomes all that you want it to  
Your dreams stay big, your worries stay small  
You never need to carry more than you can hold  
And while you're out there gettin' where you're gettin' to  
We hope you know somebody loves you  
And wants the same things too  
Yes, this is our wish  
We hope you never look back but you never forget  
All the ones who love you  
And the place you left  
We hope you always forgive and you never regret  
And you help somebody every chance you get  
Oh, you find God's grace in every mistake  
And always give more than you take  
But more than anything...yes more than anything  
This is our wish  
We hope you know somebody loves you  
May all your dreams stay big  
(Adapted from the song "My Wish" by Rascal Flatts)

It broke our hearts to lose you,  
but you did not go alone,  
a part of us went with you,  
the day God called you home.

A million times we've needed you,  
a million times we've cried,  
If love could only have saved you,  
You never would have died.

The Lord be with you.  
May You Rest in Peace

It seemed only yesterday we had our first goodbye.  
You looked so scared and lonely I thought we would both cry.  
Your journey was a long one. Your choices always right.  
You put your best foot forward and followed your heart despite.  
Your love, compassion and dedication to your family and your  
friends and your outgoing personality never seem to end.

Dear Class of 2007,

I would like to use this space to share some of my feelings about your class and Stoughton High School. You probably know that this is my thirty-fourth, and final, year at SHS. The class of 2007 is special to me for several reasons. First, and foremost, I have thoroughly enjoyed being your Principal. I will never forget the respect and kindness you have shown me during my time in this office. Even when our opinions differed, I have always felt that the students of Stoughton High School presented their ideas well, and understood and respected mine.

During your years here at SHS I have observed you in many ways, at many venues. In classrooms, hallways, the cafeteria, assemblies, home and away sporting events, musical performances, field trips, the list goes on and on. What I have seen is a group of young men and women who truly care for each other and are fine representatives of their generation. One memory that I will always have of the class of 2007 is from the Spirit Walls setup in your junior year. After your wall was completed, several of you noticed another class having difficulty with theirs. Without hesitation members of your class assisted them, knowing full well they were your competition. That kind of good sportsmanship and camaraderie has been evident to me throughout my tenure as Principal and it has made my job enjoyable.

You may not know, but there is a kind of symmetry that we share. Your first year at SHS was my first year as principal, and your final one is also mine. The difference is that it took me thirty-four years to leave. Exactly forty years ago (class of '67) I graduated from my high school and, just as some of you probably are not sure of exactly what you want to do, I had no idea that I wanted to teach. After four years in college, I changed my major to mathematics, was lucky to get a job at Stoughton High School, and I have never regretted it. I sincerely hope that, when you reach the same stage in your life that I have, you'll be able to tell your friends, as I tell mine, that you have truly loved your job.

In closing, the last few years at SHS have seen dramatic changes in the faculty here. Teachers who have been stalwarts of excellence have retired and moved on with their lives. I will now join these teachers, who were the backbone of Stoughton High School for the last three decades, in retirement. Thank you very much for every smile, kind comment, or well wishes you have shared with me. I will never forget them. I wish you the best of luck in your future, with the caveat that rarely does good luck come without hard work.

Sincerely,

*Philip Jacobacci*
